Instructions

Spelman College is a private, independent, historically Black college of liberal arts and sciences for women. The College admits female candidates without regard to race, color, religion, creed, national origin, age, disability, sexual orientation, marital or veteran status, or any other legally protected status.

Thank you so much for your interest in applying to Spelman College. We look forward to receiving your materials. **Before completing your application, please review the instructions that follow.** They contain important information that will assist you in compiling your best presentation for the admissions committee. If you have questions about the admission process, please contact the Office of Admissions at 800-982-2411.

APPLICATION STATUS CHECK: Once you have applied to Spelman College, you will receive a student number, also known as a 900 number. You will be able to check the status of your application by logging into our application status check website at www.spelman.edu/appstatus. There you can check receipt of application documents, school reports, test scores, letters of recommendation and payments.

I. Entrance Categories

Please complete the application for the entrance category that best matches your needs.

New First Time Applicant

Any applicant who has never attended college as a full-time, degree-seeking student is considered a New First Time student. New First Time applicants must show proof of graduation from high school, or the equivalent, prior to enrollment at Spelman College. The application is complete when all credentials including the application form, essay, recommendations, official test scores, and official transcripts are received by the Office of Admissions. New First Time applicants may apply under one of the following plans. Students are allowed (and are encouraged) to apply in Early Notification or Regular Decision categories prior to November 1. Only students who select Early Decision will be considered under its binding agreement terms.

Early Decision

- This plan is binding and therefore best suited for the applicant who has decided early in the college search process that Spelman College is clearly her first choice.
- All required application materials must be submitted by November 1 (postmark), otherwise the application will be moved to Regular Decision status.
- The applicant agrees not to be an Early Decision candidate at any other college.
- If accepted by Spelman College, the applicant will withdraw her application from all other colleges and universities. Applicants seeking financial assistance will not be required to withdraw other applications, but must submit the enrollment fee deposit within 2 weeks of receiving a financial aid award letter from Spelman College.
- Applicants not admitted under this plan are automatically considered under the Regular Decision plan.

Early Notification

- This plan is non-binding. If admitted, these applicants are not required to withdraw applications at other institutions.
- All required application materials must be submitted by November 15 (postmark), otherwise the application will be moved to Regular Decision status.
- Applicants not admitted under this plan are automatically considered under the Regular Decision plan.

Regular Decision

- All required application materials must be submitted by February 1 (postmark). Applications received after the deadline are given consideration on a space-available basis.
- Admission decisions will be mailed by April 1 to all applicants who submitted all required documents by February 1.

Joint Enrollment Applicant

The Joint Enrollment program allows outstanding high school seniors to enroll at Spelman while completing the senior year of high school in an Atlanta area school. Required application materials are the same as for New First Time applicants. Additionally, students are required to submit a letter of recommendation from the high school principal or guidance counselor. Applicants will also be required to interview with the Office of Admissions and/or the Office of the Dean of Undergraduate Studies. Contact the Office of Admissions for additional information.

Transfer Applicant

Anyone who has completed a high school diploma, or its equivalent, and has attended another college for at least one term as a degree-seeking student, will be evaluated as a transfer applicant. Students with fewer than one year of attempted college credits as a full-time student (30 semester hours or the equivalent) must meet New First Time eligibility as well as transfer requirements. Transfer applicants should specify a major other than undecided.

Please note: Limited space is available for transfer students, and some majors may not be available.

Guest Applicant

A degree-seeking student at another college or university may apply to enroll at Spelman College and earn credits toward completion of studies at her home institution. Students must submit approval from either the Office of the Registrar or the academic major department of the home institution. Students must also verify that they are currently in good academic standing at the institution. Guest students are eligible to attend Spelman College for a maximum of one year.

Pauline E. Drake Program (Nontraditional) Applicant

This program is designed to assist the nontraditional college student, which is defined as an individual who:

- 1) is at least 25 years old, and
- 2) graduated (or was scheduled to have graduated) from high school at least five (5) years ago

A complete application form will include the application form, essay, official high school transcript or GED record, official transcripts from ALL postsecondary institutions attended, a resume, and letters of recommendation from any two of the following: college professors or administrators, college or school counselors, supervisors, or employers. The resume length should be no more than 2 pages and should include the applicant's name on each page. It should also include high school(s) and college(s) attended, GED results (if applicable), work history, community activities, honors, and awards.

International Student Applicant

Anyone who is not a U.S. citizen or Permanent Resident Alien is classified as an International Student applicant. Students are eligible to apply as New First Time, Transfer or Guest applicants, but may be required to submit supplemental materials after the application is received. TOEFL exam scores are required for the student whose primary language is not English. Students who require an F1 (Student) Visa must submit proper financial documentation before a Form I-20 will be issued. The Financial Statement is available online at www.spelman.edu/students/international/ or through the Office of International and Commuter Students. The Office of International and Commuter Students can be contacted via email at international@spelman.edu. All application materials must be received by December 31 (postmark).

II. Application Guidelines

We strongly recommend that all application materials be submitted at the same time. If possible, you should collect sealed copies of transcripts and letters of recommendation, and send them in one envelope with other application materials. This will assist in expediting the review process.

Application Options

Students are able to submit the application for admission in a variety of formats. The choice of method does not influence the final admission decision, so use the format most comfortable for you. Please do not submit more than one version of the application for a single term. Doing so may delay processing.

The **Online Application** is accessible directly from the Admissions website (www.spelman.edu/applyonline). The application fee for this version is \$25.

The **Common Application** is accessible on the Admissions website and through the Common Application website (www.commonapp.org). The application fee for this version is \$25. If you choose this option, be sure to follow links to the Spelman College essay. This essay is required for scholarship and Honors Program consideration, as well as for transfer admission.

The **Paper Application** is available through the Office of Admissions and at many local high schools throughout the country. It is also available for download on the Admissions website (www.spelman.edu/admissions). The application fee for this version is \$35.

Application Fee

The non-refundable application fee is required to process an application for admission. Applications received without the fee cannot be processed. Make a check or money order payable to Spelman College. Please do not send cash. We are unable to accept starter checks.

Name

In the section "Preferred First Name," please include any variations of your name that may have been used on standardized tests or other official documents that will be submitted on your behalf (e.g., Kim instead of Kimberly). This will assist the admissions staff in appropriately matching your records with your file.

In the section "Previous Names", please indicate other names that you have used during your high school and/or postsecondary education. This may include maiden names, surnames, or names that have since been legally changed for various reasons. This information will assist the admissions staff in appropriately matching your records with your file.

Email Address

Please list an email address which we may use to communicate with you throughout the admissions process. This should be an address that you check regularly. Some students set up an account specifically for their college application process, to help manage official communications from institutions. If you change your preferred email account during the admissions and enrollment process, please notify us immediately, so that your records can be updated.

Transcripts

Official transcripts should be submitted for review. They should be received in a sealed envelope directly from the institution(s) and should include grades from all completed terms of enrollment. If the name on your transcript is not exactly as it appears on your application, please be sure to note variations in the "Previous Names" or "Preferred Name" sections of the application, as appropriate. This will aid in matching documents with other application materials.

Test Scores

New First Time Applicants, and Transfer Applicants with fewer than 30 credit hours, are required to submit score results from either the Scholastic Assessment Test (SAT), or the American College Test (ACT). International applicants for whom English is not the primary language are required to submit TOEFL scores. The Office of Admissions prefers to receive these scores electronically, directly from the testing agency, to ensure accuracy. Scores can be requested online using the designated Spelman College code for each testing agency. Scores received on official high school transcripts will also be considered. If the name used to register for the exam is not exactly as it appears on your application, please be sure to note variations in the "Previous Names" or "Preferred Name" sections of the application, as appropriate. This will aid in matching scores with other application materials.

Essay

All applicants are required to submit an essay for evaluation as part of the admissions process. Please read the instructions for this section carefully as you prepare your work. If you are submitting the paper version of the application you may either print your essay directly onto the form provided, or paste a printed copy into the available space. If you choose to write the essay on the form, please remember to print legibly.

Interviews

Interviews are not required of all applicants to Spelman College. However, the Admissions Committee may determine that an interview is necessary for individual candidates before a final decision will be made. In this situation, the applicant will be notified and arrangements will be made for the candidate to participate. While in-person interviews are preferable, interviews by phone or online will be allowed when scheduling or distance from campus makes it necessary.

Recommendations

Recommendations should be submitted by all applicants using the forms provided. Make sure that the individual providing the recommendation is aware of the deadline for submission and that you have given adequate time for this person to complete your request. If you elect to submit these forms with all of your other application materials (preferred), they should be in individually sealed envelopes directly from the person providing the recommendation. If recommendations are sent under separate cover, they should be addressed to: Office of Admissions, Spelman College, 350 Spelman Lane, Box 277, Atlanta, GA 30314-4399.

New First Time Applicants

You are required to have two recommendations: one from your high school counselor and one from a teacher. Under special circumstances, a recommendation from a community representative can be substituted. However, electing to do so may prevent the Office of Admissions from receiving critical academic information that is helpful in determining admission and scholarship eligibility. Please complete the top section of the recommendation form and then give the entire form to the individual providing the recommendation.

Transfer Applicants

You are required to have two recommendations from college professors or academic advisors. Under special circumstances, a recommendation from a community representative can be substituted. However, electing to do so may prevent the Office of Admissions from receiving critical academic information that is helpful in determining admission and scholarship eligibility. Please complete the top section of the recommendation form then give the entire form to the individual providing the recommendation.

Pauline E. Drake (Nontraditional) Program Applicants

You are required to have two recommendations on file before your application will be reviewed. Please complete the top section of the recommendation form and then give the entire form to the individual providing the recommendation. Your recommendations may come from a teacher or college professor, counselor, or administrator at your current or former school or college. You may also submit a recommendation from your employer or supervisor at work. If you regularly perform volunteer service, the coordinator or supervisor may submit a recommendation. The person providing the recommendation should be in a position to know that you are dependable, capable of handling college-level study, and responsible about following through on assignments that you undertake. Recommendations from family members, personal friends and co-workers in parallel positions are not acceptable.

Joint Enrollment Applicants

You must submit the same recommendations required for New First Time applicants. Additionally, you must submit a letter from the high school principal or counselor specifically recommending you for joint enrollment.
