1987-1997

Spelman College Archives
Atlanta, GA

Dr. Johnnetta Betsch Cole
1987-1997

At the annual meeting of the Board of Trustees on April 25, 1987, Dr. Johnnetta Betsch Cole was selected as the first Black woman president of Spelman College, effective July 1, 1987. Dr. Cole, former professor of anthropology at Hunter College and Director of Latin-American and Caribbean Studies at the City University of New York, was educated at Fisk University, Oberlin College (B.A.), and Northwestern University (M.A., Ph.D.). Dr. Cole brought a wealth of scholarly achievement and demonstrated leadership to the College. The beginning of her administration was punctuated by a \$20 million gift from Drs. William (Bill) and Camille Cosby for the construction of the Camille Olivia Hanks Cosby, Ed.D Academic Center.

During her tenure, Dr. Cole positioned Spelman among the top liberal arts colleges in the nation. Programs designed to strengthen the ties between the College and local, national and world constituencies were initiated. The Corporate Women's Roundtable was established. Dr. Cole spearheaded the most successful capital campaign in the history of the College. *The Spelman Campaign: Initiatives for the 90s* raised \$113.8 million for the college's endowment. Spelman received national and international recognition and was ranked among the best colleges in the country. *Money Magazine* ranked Spelman first among women's colleges and fifth in the nation of the Best College Buys for 1988. In 1992, *U.S. News and World Report* named Spelman the number one regional liberal arts college in the South. In the same year, the college was also ranked fifth among all colleges and universities in the number of Black students accepted into medical school.

Under Dr. Cole's leadership, new campus programs were established including the Physics Department, the International Affairs Center, and the Dow Jones/Spelman College Entrepreneurial Center. Spelman was selected as one of 10 HBCUs to join the New York University Faculty Resource Network, and academic partnerships with Princeton, Harvard, Brown, and the University of Wisconsin were established. A lecture series, *Readings at Reynolds*, was inaugurated in 1987 featuring prominent scholars and writers such as Mary Catherine Batson, Chinua Achebe, Cornel West, Nell Painter, Audre Lorde, Mary Helen Washington and Tina McElroy Ansa. The lecture series was designed to augment the academic development of the student body and provide intellectual stimulation for the administration, faculty and staff of the college.

With the Mentorship and Community Services programs, Cole ushered in a new era of commitment to the community. Her personal and unshakable pledge to social awareness and activism inspired a generation to believe that the gift of education was not their own, but must be utilized for the greater community. With this philosophy, she created the Johnnetta B. Cole Institute for Community Service and Community Building as an integral part of life at Spelman. In 1991, the Spelman Community Service Program was designated White House Point of Light #563. In 1993, Spelman received a four million endowment from the Bonner Foundation to establish a Bonner Scholars Program for Service Community.

Dr. Cole retired in 1997 as President Emerita. She served on the faculty of Emory University as a Distinguished Presidential Scholar in Anthropology, Women's Studies and African-American Studies. In 2002, Dr. Cole was named the 14th President of Bennett College in Greensboro, North Carolina.

Office of the President: Dr. Johnnetta Betsch Cole Collection, 1987-1997

Scope and Content

The collection of the Office of the President: Johnnetta Betsch Cole includes documents and artifacts between 1987 through 1997, and is 67 linear feet. The collection includes 67 boxes of organizational correspondence, newspapers, magazines, programs, brochures, manuals, books, and ephemera. **The latter five (5) boxes of correspondence (Boxes 63-97) are restricted to public view/use due to their confidential nature.** Photographs of Dr. Cole and her activities during her tenure of President are housed within this collection and also within the Spelman College Photograph Collection.

Arrangement:

The Office of the President collection contains materials from Dr. Cole's ten-year tenure at Spelman College. Biographical information of Dr. Cole was provided by the College Archivist and Historian, Taronda Spencer. Material arrangement, Scope Notes, and Finding Aid were completed by Kassandra Ware, Archives assistant, Spelman College Archives, on January 26, 2012. The materials in the collection have been arranged in chronological and alphabetical order. In addition, Administrative, College-wide, Alumnae and Famous visitors who contributed or visited Spelman during Dr. Cole's tenure are arranged by title, name, and group in alphabetical order. The total collection was arranged using the *More Product, Less Process* method allowing any researcher to find what they are looking for even though each individual item within the collection is not listed within the Finding Aid. More detailed processing may occur in the future to produce item level processing and the grouping of more College-wide documents from the alphabetical files into the College-wide files/boxes.
