### SEAL OF PREVENTION

For the second year in a row, Spelman College has received the CPN Seal of Prevention™ due to its commitment to creating a safer, more inclusive campus through comprehensive, evidence-based digital prevention education on sexual assault, alcohol misuse, mental health, and discrimination. According to Vector Solutions, higher education institutions that receive the CPN Seal of Prevention™, on average, have an 8% higher first-year retention rate and 9% higher on-time four-year graduation rate compared to those that have not achieved the Seal.

### *Title IX & Women's History*

Many Black women like Rosa Parks, Fannie Lou Hamer, Dorothy Height, Diane Nash, and Kathleen Cleaver helped shape the Civil Rights movement, which helped pave the way for Title IX; a law that prohibits sex discrimination in federally funded education institutions, sponsored by Patsy Mink, first woman of color to serve in Congress. Let's continue making history!
