Undaunted by the Fight
2021 Parent and Family Orientation Program

We welcome parents and families as partners in the educational process at Spelman College. Students and parents will participate in separate activities during New Student Orientation (NSO) and Parent and Family Orientation. There are a few events for both students and parents, including brunch, dinner, interfaith service, and the Closing Ceremony.

Spelman College provides a Parent and Family Orientation Program to identify resources you need to support your student’s transition and academic success while also identifying ways for you to engage effectively with Spelman College. In addition to basic information about academic life, student life, student services and many helpful tips, we provide an opportunity for Spelman parents and families to learn about the Spelman Parents and Family Association, Family Weekend, various activities and events, parent communications and newsletters, and some frequently asked questions.
