

Welcome to the Student Success Program

Spelman College offers a rigorous, intellectually stimulating academic experience. To enhance and extend student learning, the Student Success Program offers an array of academic support services to all students. The different campus labs and programs offer peer tutoring, group-based tutoring, directed supplemental instruction, student success seminars, testing services, and specialized academic coaching within a comfortable environment.

The Student Success Program helps students realize their full potential using best practices and essential resources to provide excellent academic support in an atmosphere optimized for unparalleled intellectual, social and professional growth. Each lab and program is staffed by highly trained and experienced professionals.

In addition, all tutors and instructional assistants complete a highly regarded training program prior to working with students.

We look forward to seeing you in one or more of the academic support labs and/or programs this year.

Best Wishes,

Francesina R. Jackson, Ph.D.
Director, The Student Success Program

The Student Success Program is the umbrella unit that oversees academic support services at Spelman College.

The Student Success Program helps students realize their full potential using best practices and essential resources to provide excellent academic support in an atmosphere optimized for unparalleled intellectual, social and professional growth. We provide the following services in our centers, labs and programs:

- Directed Supplemental Instruction
- Peer Tutoring
- Specialized Academic Coaching
- Campus-wide Assessing
- Workshops and Student Success Seminars

Each center, lab and program is staffed by highly trained and experienced professionals, and provides a comfortable learning environment.

All peer-tutors complete tutorial training prior to working with fellow students.
