

Spelman College

2019 Annual Campus Security and Fire Report

Portions of this report are provided in compliance with U.S. Department of Education Rules and Regulations CFR 34, Part 668.46 which is commonly referred to as the Jeanne Clery Act and the Higher Education Opportunity Act. Paper copies of this report are available upon request from the Spelman College Department of Public Safety, 350 Spelman Lane, SW, Atlanta, GA 30314, (404) 270-5328.

Spelman College does not discriminate in employment or admissions opportunities, or eligibility to participate in activities, programs, or receive services provided to faculty, staff, or students on the basis of race, color, religion, creed, gender, gender identity, ethnicity, national origin, age, disability, sexual orientation, marital status, protected veteran status, genetic tests, genetic information or any other legally protected status.

Spelman College requires the Department of Public Safety to compile this report annually, employing the current guidelines established by the US Department of Education. To create this report, statistical data is collected from individuals serving in the positions listed below who have been designated as Campus Security Authorities as defined by the Jeanne Clery Act, local law enforcement agencies, and administrators of non-campus properties utilized by the College in support of the educational mission of the institution.

No student organizations recognized by the College maintain off campus buildings as housing facilities or sites where activities are routinely held. As a result no data is reported for this category.

The Spelman College Department of Public is a police agency governed by the Georgia Peace Officers Standards and Training Council. Georgia law empowers officers who are certified by the Georgia POST Council to exercise police and arrest powers on the campus and within one quarter mile on public streets leading to and from the campus.

At present State law precludes private institutions like Spelman from entering into formal mutual aid agreements with governmental police agencies. Although no formal agreement exist our Public Safety Department maintains a strong working relationship with the Atlanta Police Department and by practice major crimes that require extensive investigative resources are handled by that department. Additionally, the department works closely with the police departments at each of the Atlanta University Center institutions and the other law enforcement agencies that service our area.

REPORTING CRIMES AND EMERGENCIES

The Department of Public Safety maintains a 24-hour emergency dispatch center that can be reached by dialing 4911 from any phone on the campus phone system, by utilizing any of the emergency call boxes located on campus, or by calling (404) 525-6401.

Students, employees, contractors, vendors and visitors should immediately report any emergency condition including but not limited to injuries, fire, suspicious activity, or criminal acts that they witness or are the victim of two individuals serving in any of the following positions at the College:

All Public Safety personnel, Vice President of Student Affairs, Dean of Students, all housing and residence life staff including resident assistants and desk aides, Director of Student Activities, and all student organization advisors. These individuals will route all reports of alleged or actual criminal activity to the Department of Public Safety for documentation and follow-up.

In certain instances, this information will be used to generate warning reports to members of the college community if the incident is reportable under Jeanne Clery Act guidelines, or is deemed to represent a significant danger to the community.

Currently, there are no processes for including anonymously reported incidents in this report. However, An individual may make an anonymous report of an incident of sex discrimination, sexual harassment, sexual violence or exploitation, dating/domestic violence or stalking. A report may be made without disclosing one's own name, identifying the respondent or requesting any action. The College's ability to respond or take further action may be impacted by the level of information available about the incident or individuals involved.

Anonymous reports to the Title IX and Compliance Director can be made through the [Complaint Form for Discrimination, Harassment and Retaliation](#) or by calling the Spelman College Sexual Misconduct Hotline at (678) 873-5884. Individuals wishing to remain anonymous can report incidents without including any personally identifiable information (name, email address, on campus housing assignment, etc).

Individuals may report crimes on a voluntary, confidential basis to College Counselors in the Spelman Student Counseling Department. These incidents will be included in the institutions Annual Security Report.

TIMELY WARNINGS

It is the policy of the College to issue warnings to the college community to advise members of criminal acts or other emergency occurrences on campus or in the immediate vicinity to help prevent similar incidents.

The Public Safety management team will determine the need to issue alerts and make recommendations to the Vice Presidents of Student Affairs, and V.P. of Business and Financial Affairs accordingly.

Every attempt possible will be made to issue warnings within timeframes that would permit members of the Spelman community to take actions that would minimize the likelihood of them being victimized by risks known to the College.

Criminal acts in each of the categories in the statistical portion of this report shall be prioritized in determining the need for issuing an alert. Warnings may be distributed via flyers, notices posted on bulletin boards, e-mail, campus mailboxes, or other means deemed effective to communicate the message.

EMERGENCY NOTIFICATION

It is the policy of the College upon confirmation of incidents or circumstances that represent an immediate or imminent threat to health or safety to issue without delay notification of such incidents. Notifications will be issued in these instances unless doing so would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

On duty Public Safety staff upon receiving any report of an emergency condition will immediately take steps to confirm the reported condition.

Upon confirmation of an emergency condition the Shift Supervisor and the Director of Public Safety or designee will be informed of the emergency condition. The Public Safety Shift Supervisor, Director of Public Safety, or any member of the College Senior Management Team may authorize the issuance of Emergency Notifications utilizing any or all of the available communications platforms. CAMPUS SAFETY AND SECURITY:

Recognized as one of the nation's finest liberal arts colleges Spelman is located less than five minutes from the business and government center of the city of Atlanta. The fenced campus is part of a community which includes private residences, public housing, small businesses, and other Historically Black Colleges. While the incidence of criminal acts on our campus is extremely low, members of our campus community are subject to the same potential for criminal victimization as that confronting everyone living in American urban centers. The information that follows is designed to inform current and prospective students, and employees, of the primary programs, policies, procedures, and services that support safety, security, and well-being at the college.

"Protectors of our Future" is the motto of the Spelman College Department of Public Safety. The motto reflects recognition of the value of past, present, and future contributions of the institution and members of this campus community to our society and global community. It also acknowledges the important responsibility of protecting both the individual members of the campus community, and the physical assets of the institution.

The Department of Public Safety is charged with the provision of those services that impact safety and security at the institution. At Spelman both of these are seen as essential elements in maintaining the quality of campus life we enjoy. Our Department of Public Safety is service oriented and tailored to meet the needs of an urban-centered women's institution.

Spelman is committed to maintaining a staff of competent, committed and concerned professionals to deliver public safety services. Over seventy percent of our staff are Police Officers trained and certified by the State of Georgia. These individuals have the same arrest and police powers as the City of Atlanta Police on and within 500 yards of our campus.

Our entire Public Safety staff receives more than double the State required in-service training annually for their respective position classifications. Members of our staff regularly serve as instructors at the Fulton County Police Academy that services the Metro Atlanta area, and they are active members in a variety of local, State and National law enforcement associations.

AROUND THE CLOCK PROTECTION:

The Public Safety Department provides services twenty-four hours daily including:

- Foot and motorized patrol of the Campus and immediate vicinity by uniformed and plain clothes police officers;
- 24 hour staffing of an emergency communications dispatch center;

- Response to requests for routine and emergency police and security services;
- Investigation of violations of campus rules and State and City laws;
- Monitoring of vehicular and pedestrian access to campus;
- Parking enforcement

In addition to a fleet of marked police vehicles, the department is equipped with state of the art communications and computer equipment. This capability allows for constant radio communication between all officers on duty, direct links to other police agencies providing service in the immediate area and contact with the Georgia Crime Information Center, and the National Crime Information Center.

PREVENTION AND EDUCATION IS OUR FOUNDATION FOR SAFETY AND SECURITY

In addition to routine police and security services, Crime Prevention and Educational services play an important role in our overall Public Safety Program.

Major programs include:

- The Adopt a Hall Project which assigns a Campus police officer to meet weekly with resident students in their residence halls to impart crime prevention information and to determine special concerns which students may have related to safety and or security.
- The Fight Back Project offers a variety of self-defense and personal safety courses to commuter and resident students and staff.

Sessions are scheduled during New Student Orientation and several times each semester in partnership with residence hall councils and campus organizations when requested.

- The Public Safety Posse Project provides students the opportunity to develop leadership skills by assisting in the development and implementations of a wide variety of special programs and projects that are offered by the department.
- New Student Safety Orientations are conducted at the onset of each semester.
- Public Safety Round Table Sessions are conducted twice each semester to provide community members the opportunity to meet with Public Safety administrators to discuss suggestions and concerns, and review campus security procedures.
- New Employee Orientations include a review of college safety and security procedures.

In addition, topical displays are set up monthly in high traffic areas to afford the opportunity for students, and employees to receive information about important safety and security topics.

This information routinely addresses practices that can be applied on and off campus to enhance personal and community safety and security.

Every member of our campus community is an important member of our Public Safety Team. If you need assistance or observe anything suspicious on campus or in the immediate vicinity, call our Public Safety Department at (404) 525-6401. An officer will always be dispatched to investigate the situation you are reporting on and the appropriate follow up action will be initiated.

Our Public Safety Department also participates in a variety of Law Enforcement Task Forces that seek to improve operational coordination and information exchange between Campus, City, State and Federal Law Enforcement Agencies that service our community. This ensures that they each are part of our team effort.

OFF CAMPUS EMERGENCIES:

If you need Police, Fire, or Ambulance assistance while off campus in Metro Atlanta dial: 911

Every member of our campus community is encouraged to report all incidents of criminal activity whether they are victims or witnesses. Confidentiality of reporting persons is maintained in every instance in strict accordance with all applicable federal and state laws.

While crime prevention and safety awareness are the primary objectives of the Public Safety Department, it is the policy of the College and the Department to vigorously pursue prosecution of those who commit serious crimes or engage in negligent behavior that creates safety risks for the campus community.

MISSING RESIDENT STUDENT POLICY

In the event that a resident student is reported as missing, the Spelman Department of Public Safety will spearhead an investigation to attempt to determine the student's wellbeing and whereabouts.

The College strongly recommends all resident students to register confidential contact information in the event that they are determined to be missing for a period of more than 24 hours. To register complete the Missing Resident disclosure form during Residence Hall check in, or speak with a Residence Life staff person or Resident Assistant.

The contact information provided will only be used to contact the person you list if you are reported missing.

This information will be kept confidential and will be accessible only to authorized campus and law enforcement officials.

If a Resident student under 18 years old is reported missing her custodial parent or guardian of record will be notified.

SHUTTLE SERVICES:

As an enhancement to student and staff safety when traveling between campuses of other Atlanta University Center Institutions and to mass transit hubs, Spelman and the Robert W. Woodruff Library provide shuttle services daily during class periods and every evening beginning approximately at dusk. Route and schedule information can be obtained at the Public Safety office and is posted in convenient locations throughout the campus. Additional shuttle information may be obtained by calling (404) 577-0306, or (404) 525-6401.

ACCESS TO CAMPUS:

Spelman is a gated community. Pedestrian and vehicular access to campus is monitored twenty-four hours daily. Individuals entering the campus in an unauthorized manner, remaining in campus facilities beyond normal hours of operation or periods of approved visitation are subject to arrest by Campus Police.

Gentlemen visiting the campus are required to present current picture identification to gain entry at all times.

Each resident is issued a key to her residence hall. Residence halls are off limits to visitors except during approved visitation periods. During visitation each resident hall reception area is staffed and visitors are screened.

Access to campus buildings and facilities is restricted after normal hours of operation. Campus facilities are monitored with a variety of silent and audible intrusion alarms, as well as security patrols of all facilities that are conducted around the clock.

Public Safety personnel report all observations daily regarding the condition of campus lighting, entry hardware, and security and alarm systems noted during routine campus patrols to the Facilities Department for repair.

CRIME / INCIDENT ANALYSIS:

Our Department of Public Safety tracks incident trends to ensure the most effective deployment of personnel and to keep abreast of trends which should be addressed in our crime prevention and educational programs.

Individuals reporting incidents of dating violence, domestic violence, sexual assault or harassment shall be provided a written explanation of their rights and options whether the offense occurred on or off campus.

The explanation includes information regarding counseling services, victim advocacy, legal assistance, and other services available both on campus and within the community. This information shall be provided regardless of whether the report is made to law enforcement.

The privacy of the parties will be respected and safeguarded at all times. All College employees who are involved in the College's Title IX response, including hearing board members, receive specific training and guidance about safeguarding private information. Privacy and confidentiality have distinct meanings under this policy.

Privacy

Privacy generally means that information related to a report of misconduct will only be shared with a limited circle of individuals. The use of this information is limited to those College employees who "need to know" in order to assist in the active review, investigation, or resolution of the report. While not bound by confidentiality, these individuals will be discreet and respect the privacy of all individuals involved in the process.

Confidentiality

Confidentiality means that information shared by an individual with designated campus or community professionals cannot be revealed to any other individual without express permission of the reporting person.

Those campus and community professionals include medical providers, mental health providers, ordained clergy, and rape crisis counselors, all of whom have legally protected confidentiality. These individuals are prohibited from breaking confidentiality unless there is an imminent threat of harm to self or others.

In the event of alleged on campus sexual assault or harassment either forcible or non-forcible, all members of the college community are directed to immediately:

- Notify Campus Police and file an official report.
- In all cases where criminal acts are alleged, the Atlanta Police Sex Crimes Unit or the police agency with jurisdiction will be notified.

Victims of sexual assault should consider the need to preserve physical evidence in cases where a criminal assault has occurred. In such cases campus police should be consulted before removing clothing, washing or showering, or altering the scene of the crime in any manner.

Campus Police will assist any victim in making a report to the local police agency with jurisdiction if the victim chooses to make a report of a sexual assault that occurred off campus. In these instances the local police agency with jurisdiction shall assume responsibility for the criminal investigation.

Sexual harassment is unwelcome conduct of a sexual nature, which can include unwelcome sexual advances, requests for sexual favors, or other verbal, nonverbal, or physical conduct of a sexual nature.

Thus, sexual harassment as defined by Title IX of the Education Amendments of 1972, 20 U.S.C. Sec. 1681 can include conduct such as touching of a sexual nature; making sexual comments, jokes, or gestures; writing graffiti or displaying or distributing sexually explicit drawings, pictures, or written materials; calling individuals sexually charged names; spreading sexual rumors; rating students on sexual activity or performance; or circulating, showing, or creating e-mails or Web sites of a sexual nature. In the event of an allegation of sexual misconduct or criminal sexual behavior by a member of the college community, a thorough administrative inquiry shall be conducted.

This process shall comply with all college policies that pertain to complaints and disciplinary actions as they apply to faculty, staff, and students as outlined in the respective college handbooks applicable to each group.

The Director of Title IX Compliance has overall responsibility for ensuring compliance with all regulations related to complaints of sexual harassment and will focus on receiving and resolving complaints or concerns brought by or involving students, staff, or faculty of the College.

The Director of Title IX Compliance Nicole Johnson may be contacted directly at (404) 270-5060.

Complaints of sexual harassment or misconduct may be reported to any employee of the College who shall immediately report the complaint to the Director of Title IX Compliance.

An employee who receives a complaint of sexual harassment or sexual misconduct shall not initiate any action or investigation. The employee shall immediately report the complaint to the Director of Title IX Compliance.

In all cases of allegations of sexual harassment or sexual misconduct both the accuser and accused shall have the same opportunities to have others present during disciplinary proceedings; and both must be informed of the outcome of any institutional disciplinary proceeding brought alleging sexual harassment or sexual misconduct. In all cases of this nature the preponderance of evidence standard shall be applied in determining responsibility.

In the event allegations of sexual misconduct or harassment are sustained against a member of the Spelman College community, the President of the College may impose disciplinary actions including verbal or written reprimand, community service, suspension, expulsion, or termination.

A student who has been the victim of an alleged sexual assault or harassment shall have the option to request a change in academic, living, transportation, and or working situations. This type of violence can occur among heterosexual or same-sex couples and does not require sexual intimacy.

An individual who is mentally incapacitated, unconscious, or unaware that the sexual assault is occurring is considered unable to give consent.

- An active agreement. The absence of "no" does not mean "yes."
- Consent does not involve coercion.
- Never implied and cannot be assumed, even in the context of a relationship. Just because you are in a relationship does not mean that you have permission to have sex with your partner.
- A process, which must be asked for every step of the way.

If you want to move to the next level of sexual intimacy, just ask!

Circumstances in which a person CAN NOT legally give consent: (No matter what he or she might verbalize):

- The person is severely intoxicated or unconscious as a result of alcohol or drugs.
- The person is physically or developmentally disabled.
- Once a person says "**NO**" It does not matter if sexual behavior has happened in the past, or what kind of activity has occurred in the current event, earlier that day, or daily for the past six months.
- It does not matter if it is a current long-term relationship, a broken relationship, or marriage. If one partner says, "**NO**," and the other forces unwanted sexual interaction it is a sexual assault.
- The victim is under the age 13 or is elderly.

If consent is not obtained prior to each act of sexual behavior (from kissing to intercourse), it is not consensual sex.

State of Georgia and Sexual Violence

There are a number of sexual offenses listed in the Criminal Code of Georgia that may be applicable to reports of sexual violence made by members of the Spelman community.

Rape

Rape is one form of sexual assault. The Criminal Code of Georgia defines rape as a male having "carnal knowledge" of "a female forcibly and against her will."

In this instance, carnal knowledge is defined as "penetration of the female sex organ by the male sex organ." The Georgia Code recognizes that rape can occur even between spouses so the defendant cannot use the fact that he is married to the person accusing him of rape as a defense. Spelman additionally, applies the FBI definition which includes assault with an object as an element of any act of sexual violence.

Aggravated Sodomy

The Criminal Code of Georgia defines aggravated sodomy is defined in the Code as sodomy that is perpetrated "with force and against the will of the other person." As with a charge of rape, a marital relationship between the defendant and accuser cannot be used as a defense.

Sexual Battery

The Criminal Code of Georgia defines sexual battery when a person “intentionally makes physical contact with the intimate parts of the body of another person without the consent of that person.” The Code defines “intimate parts” as the “primary genital area, anus, groin, inner thighs, or buttocks of a male or female and the breasts of a female.”

Aggravated Sexual Battery

The Criminal Code of Georgia defines aggravated sexual battery occurs when a person “intentionally penetrates with a foreign object the sexual organ or anus of another person without the consent of that person.”

Domestic Violence, Dating Violence and Stalking

Sexual discrimination and harassment can also take the form of domestic violence, dating violence and/or stalking.

These are crimes under Georgia law and are strictly prohibited at Spelman College. By law, Spelman is required to track reports of these crimes. Please be advised that Georgia law defines these crimes as follows below.

Family Violence

“The term ‘family violence’ means the occurrence of one or more of the following acts between past or present spouses, persons who are parents of the same child, parents and children, stepparents and stepchildren, foster parents and foster children, or other persons living or formerly living in the same household:

1. Any felony; or
2. Commission of offenses of battery, simple battery, simple assault, assault, stalking, criminal damage to property, unlawful restraint, or criminal trespass.

Simple Battery

A person commits simple battery when he or she “intentionally makes physical contact of an insulting or provoking nature” with another person, or “intentionally causes physical harm” to another person.

Battery

A person commits battery when he or she “he or she intentionally causes

substantial physical harm or visible bodily harm to another.” The term

“visible bodily harm” means harm that someone other than the victim

can perceive, and might include but is not limited to “substantially blackened eyes, substantially swollen lips or other facial or body parts,

or substantial bruises to body parts.”

Aggravated Battery

A person commits aggravated battery when “he or she maliciously causes bodily harm to another by depriving him or her of a member of

his or her body, by rendering a member of his or her body useless, or by

seriously disfiguring his or her body or a member thereof.”

Simple Assault

A person commits assault when he or she “attempts to commit a violent

injury to the person of another” or “commits an act which places another

in reasonable apprehension of immediately receiving a violent injury.”

Aggravated Assault

A person commits aggravated assault when he or she assaults someone

with the intent to murder, rape, or rob him or her.

In order to be found guilty of aggravated assault, the person committing

the assault must use a deadly weapon or other object, device, or instrument that causes serious bodily injury or is likely to.

Stalking

A person commits stalking when “he or she follows, places under surveillance, or contacts another person at or about a place or places without the consent of the other person for the purpose of harassing and intimidating the other person.”

Bystander Intervention

Intervening can be difficult, but every person on campus, whether a student, staff, or faculty member, has a role in preventing violence or responding to it before, during, or after it happens. It can be as simple as: “See Something? Say Something!”

- Sexual violence may occur if a culture tolerates these behaviors, and it starts with rape jokes or sexist language. If you hear it, remember that you don’t have to laugh or participate.
- If you witness a potentially sexually violent situation, step in. Intervening can be direct or indirect – the important thing is that you do something.

If you don’t feel comfortable addressing the potential perpetrator directly, consider causing a distraction or getting someone else to help you. Even if you don’t know the people involved, you can still help. If it is happening to a member of the Spelman community, it’s your business.

- Being an active bystander might mean helping after an assault occurs. Learn more about options available to victims, and offer help and support if someone you know experiences any form of sexual violence.

Addressing Conduct Violations

Conduct violations where there are allegations of misconduct of sexual assault, dating violence, domestic violence, or stalking will be addressed as follows.

Conduct Violation(s) within the AUC

As a member of the Atlanta University Center Consortium (AUC), Spelman has a reciprocal agreement with the other member institutions regarding student behavior and discipline.

When a Spelman student is accused of misconduct on an AUC campus, Spelman will address the behaviors and conduct violation. Likewise, non-Spelman student conduct violations on the Spelman College campus will be addressed by the student's home institution.

Student Conduct Administration Process

The following section outlines the student conduct process at Spelman College as related to violations of the Community Standards and Code of Conduct.

College Jurisdiction

College jurisdiction relative to community standards and student conduct administration shall include conduct:

- That occurs on college premises
- That occurs at college-sponsored or college-supervised events regardless of where they occur
- That occurs off college premises when the behavior may adversely affect the Spelman community and its interests as an academic community
- That relates to any facet of the relationship between the student and Spelman
- International study abroad and other off campus academic or recognized programs

Reporting

Any member of the Spelman College community may file a written Incident Report regarding the misconduct of a student, group, or student organization. A report must be prepared in writing and directed to the Office of the Dean of Students. Incident Reports should be submitted immediately, preferably within 24 hours, though complaints may be possible at any time after an allegation of a violation. Depending on the circumstances the Dean of Students, Housing and Residence Life staff and Public Safety will determine if the case requires further investigation.

In cases involving more complex behaviors, the Dean of Students will consult with the Behavioral Intervention and Risk Assessment Team to determine the process for addressing student behaviors.

Investigation

Upon receipt of a report or other information about an alleged violation of the Community Standards and Code of Conduct, preliminary investigations may be conducted by Public Safety, Dean of Students, and/or Housing and Residence Life staff to determine the following:

- If the report has merit
- If there is a need for a formal violation notice to be filed
- If the alleged behavior can be appropriately resolved by an informal meeting
- If the information is insufficient to a degree that no formal violation notice will be filed.

Formal Notice of Violation

Students will receive a formal written notification of a violation and asked to appear before a hearing body when there is reasonable basis to believe that the student may have committed a violation of the Community Standards and Code of Conduct. Notice of conduct proceedings and related materials will be expediently sent to the student's email address and/or local address which is listed in the Office of the Registrar. It is the student's responsibility to provide accurate information to the college and to update this information when appropriate.

Major Violations

Incidents involving serious misconduct that potentially or actually endanger the health, safety and general well-being of others, that damages property, that interferes with the Community Standards Review Board process, and/or that involves the possession, use, sale, manufacture or distribution of drugs shall be treated as major violations of the Community Standards and Code of Conduct.

In such cases, the responsible student will typically receive a sanction that includes probation, suspension or expulsion/dismissal, any of which may be issued following a single occurrence.

Responsibility for Addressing Conduct Violations

A time will be set for a hearing, not less than three (3) to fifteen (15) college business days after the student has been notified of the violation of the Community Standards and Code of Conduct. The time limits for the scheduling of hearings may be changed for reasonable cause at the discretion of the hearing officer. On occasion, as a result of the timing of a report or the College calendar, it may not be possible for the Dean of Students or other hearing officer to convene a hearing or the appropriate hearing board. On such occasions, the Dean of Students will determine the appropriate alternative hearing format to be used.

After reviewing an incident report, the Dean of Students or other hearing officer will determine how the incident will be addressed.

The incident may be addressed as follows:

- a. The case may be dismissed or discharged
- b. The Dean of Students or other hearing officer may request to meet with the parties involved to obtain more information
- c. A hearing with a Hearing Officer or Hearing Board may be assigned

Student Conduct Administrators

The following are the representative hearing bodies on the Spelman College campus responsible for hearing violations of the Community Standards and Code of Conduct.

1. Residence Hall Directors

Student Rights in the Conduct Process

This information applies to both complainant and the accused student, except where noted.

1. To have a copy of the written complaint and have the complaint explained clearly and fully at every level of the conduct process.

2. To request in writing to the Dean of Students that separate hearings are conducted, if more than one student has been accused of a Code of Conduct violation arising out of a common incident.
 3. To hear testimony and/or see written statements concerning the complaint.
 4. To be informed of all witnesses who will provide oral and/or written statements, unless the Dean of Students makes special provision for a witness to remain anonymous, in the event that it is determined that the identity of the witness is not critical information necessary for a party to fully respond to the testimony/written statement.
 5. To refute oral and/or written statements made by witnesses and other parties.
 6. To have a fair and prompt hearing, and to have any delays in scheduling explained.
 7. To be notified promptly of the resolution of the complaint.
 8. To be advised of the appropriate appeal process.
- Complainants do not have the right to appeal all types of violations.

Governing Principles for Hearing Processes

Students have the right to fundamental procedural fairness within an impartial conduct administration system.

The following outlines principles of the campus hearing processes.

1. Hearings will be conducted in private.
2. All conduct hearings will be recorded by the College using a digital recording device, and this shall be the only record of the proceeding.
3. A Hearing Officer or Hearing Board member who is unable to hear a case in an unbiased manner must excuse her/himself from the case.
4. Admission of any person to a College hearing process will be at the discretion of the hearing officer or board members.

5. Students may only be found in violation if the evidence brought forward during the investigation and/or hearing persuades the majority of the hearing board members that it is more likely than not that the accused student's action is a violation of the Community Standards and Code of Conduct.
6. The hearing officers and hearing board members may have access to records of previous disciplinary actions to assist with the determination of sanctions.
7. Where there are suspected patterns of serious offenses, records of previous similar violations of the Community Standards and Code of Conduct may be considered during the hearing and sanctioning process.
8. Witnesses and evidence that is not disclosed in advance of the hearing may be excluded at the discretion of the hearing officer and/or board members.
9. If the accused student has been provided a copy of the complaint and fails to attend the hearing, the hearing board may, at its discretion, proceed with the hearing and arrive at a resolution or hearing outcome.
10. The complainant and accused are permitted to present no more than 3 material witnesses, all of whom may be questioned by the hearing board members and parties represented in the case.
11. The Dean of Students may also contact witnesses to appear at a hearing. The hearing may proceed even if all witnesses are not present.
12. The complainant and accused student each have the right to have one adviser present at the hearing proceedings. The adviser must be a current full-time student, faculty, or staff member of the Spelman College. The adviser cannot be an attorney, law student, or relative.
13. The hearing board will determine the case outcome and provide notice of sanctions within 5-7 business days.

14. A resolution or hearing outcome reached by a hearing board may be appealed by the accused student(s) or the complainant(s) to the Community Standards Appeal Board.

Appeal Procedures

Spelman College will allow one (1) appeal of a hearing case outcome and sanctions. The complainant and/or accused student have the right to appeal the case outcome based on the following:

1. New evidence, unavailable during the original hearing that could determine a different outcome
2. Hearing procedures deviated from the written procedures in the Student Handbook which is perceived to have significantly impacted the fairness of the hearing process
3. Sanction(s) are perceived to be grossly disproportionate to alleged offense
4. The case outcome is not aligned with the evidence
5. Perceived bias on the part of a hearing board member that deprived the process of impartiality

The appeal must be typewritten and addressed to the Community Standards Appeal Board, and submitted to the Office of Dean of Students within three (3) business days from the issuance of the decision letter. The student who is placed on an interim suspension will continue under the provision and/be subjected to limited privileges while awaiting the outcome of the appeal.

Appeals must be detailed and state the grounds for appeal in order to be valid for review. Appeals serve as a review of the written evidence to determine the validity of the appeal and are not intended to serve as another hearing of the case.

The Community Standards Appeal Board will take one of the following actions:

1. Uphold the decision of the Community Standards Review Board
2. Grant the appeal with special provisions or with the removal of some or all sanctions

The appeal decision will be shared with all parties involved in the case, with the expectation for compliance with the decision of the Community Standards Appeal Board.

If an appeal is not filed within three (3) business days of the date, the parties received decision from the hearing officer or hearing board, the right to appeal is waived and the original decision will become final.

Sexual Misconduct & Discrimination Complaints

For sexual misconduct complaints, and other complaints of a sensitive nature, whether the alleged victim/survivor is serving as the complainant or as a witness, alternative testimony options will be given, such as placing a privacy screen in the hearing room, or pre-recording the student testimony. In addition, the following provisions will be supported:

1. The past sexual history or sexual character of a party will not be admissible by the other party in hearings unless such evidence is determined to be highly relevant by the Chairperson. All such evidence sought to be admitted into the hearing process will be presumed irrelevant.
2. The alleged victim/survivor in any complaint alleging sexual misconduct will be notified in writing of the outcome and sanction. The student will be informed of the status of appeal.

Student Conduct Administration System Limitations

In recognition of the limitations of the Student Conduct Administration System, it is important to note that students have a right to file civil and/or criminal charges in the Georgia judicial system for any crimes committed. Members of Public Safety and staff in the Office of the Dean of Students can assist students with making contact with the appropriate justice agencies, in addition to providing support to the student throughout the process. Students should be aware that the staff of the College may be bound by law to report certain offenses to the criminal justice authorities.

Grievance Policy

A grievance is a complaint against a person for a perceived unjust or unfair act. Grievances can be filed in the Office of the Dean of Students. The Dean of Students will forward the student grievance form and maintain copies of all pertinent files and records. All other grievances will be addressed on a case-by-case basis.

The Student Grievance should state and specify the following information:

- A. Name of person or persons involved in the perceived unjust or unfair act
- B. A detailed description of the grievance identifying the dates, times, locations and actions that were perceived to be unjust and/or unfair
- C. Names of any witnesses and a typewritten statement detailing a description of actions witnessed
- D. Suggested recommendations for solutions or actions you believe the college should take. Recommended actions must be consistent with college policy. The written grievance must be signed by the student and filed immediately following the alleged unjust or unfair actions/incident.

The Office of the Dean of Students will investigate the concern and/or refer the case to the Dean of Undergraduate Studies, appropriate department head, and to the Office of Human Resources for review and determination of “reasonable fairness” in seeking to resolve the matter. All parties involved in the alleged incident will be notified and will be allowed an opportunity to provide pertinent information in an effort to address the grievance. The investigation process generally is completed within thirty (30) College business days from when the written complaint is filed. A written determination as to the validity of the grievance and a summary of the outcome and/or resolution will be issued by the Dean of Students, appropriate Dean or director or chair, to the student filing the complaint and/or grievance. The case decision will be final.

The right of a student to a prompt and equitable resolution of the complaint filed will not be impaired by the student’s pursuit of other remedies, such as filing of a complaint with the responsible federal department or another agency. Once the resolution is finalized, the process is complete.

Human Dignity Policy

Spelman College requires that the members of our campus community must respect all persons regardless of race, color, creed, gender, gender identity, religion, national origin, age, or disability.

While we realize that acts of intolerance may be the result of ignorance and that a significant part of our mission is to confront ignorance with education, we cannot allow these acts to harm another person. We are committed to the continual task of combating both subtle and obvious intolerance.

Spelman College regards as unacceptable conduct on the part of its students any words or actions that are intended to be, or that are reasonably foreseeable to be, threatening, intimidating, or harassing to any member of the College community.

This includes behavior or actions taken against students, faculty, staff, guests and contracted service employees on the basis of age, race, ethnic origin, gender, sexual orientation, religion or physical or mental condition, marital, protected veteran status, genetic tests, genetic information or any other legally protected status.

The Daily Crime Log identifies crimes and Fire incidents that are reportable as defined by the Jeanne Clery Act and provides the geographical location, date and time of occurrence, and disposition if known of listed incidents.

For the reporting periods 2016, 2017, and 2018 there have been the following reported incidents

2016: No hate crimes reported

2017: No hate crimes reported

2018: One on campus assault (simple battery) characterized by gender identity bias, three residence facility incidents of intimidation characterized by gender identity bias.

During the reporting periods 2016, 2017, and 2018 no reported incidents in any category have been classified as Unfounded. Reported incidents will only be classified as Unfounded in instances where there is undisputed proof beyond a reasonable doubt that the incident did not occur.

2018 Annual Fire Report

Spelman recognizes fire prevention and education as essential to the maintenance of a safe campus. All members of the College community are required to report any instance of fire, or violation of the College smoking or other fire related policies to the Department of Public Safety immediately.

The Department of Public Safety is responsible for conducting fire safety education for all members of the campus community. The department also partners with the Facilities Management Services Department to maintain an active inspection program to ensure that all fire alarm and suppression systems are operational and that the College is consistently in compliance with all applicable fire regulations.

It is the policy of the College to review Fire and Emergency procedures with residents in hall meetings at the onset of each semester, and with new employees during their orientation sessions.

Additionally, several initiatives including the Resident Hall Safety Teams, and The Facility Safety Liaison programs actively engage students and staff in fire safety education and prevention throughout the year.

A minimum of one evacuation drill is conducted in each facility including residence halls each semester.

College policy prohibits smoking in any College facility or vehicle. Additionally, open flames of all types including incense and air fresheners are prohibited except in classrooms under the direct supervision of faculty and staff.

The Public Safety Department staff includes active and retired firefighters with both command and line experience.

All Public Safety staff are trained in responding to fire emergencies and play an active role in the implementation of our fire safety and emergency response programs.

A log of all fire incidents is maintained and may be viewed on the Public Safety page of the Spelman College website at any time.
